This original Myron Hunt designed Historic Building, has gone through at least two renovations. It is a 50+ year old historic structure. The existing structure is a partly reinforced brick infill in a concrete frame, with a steel truss roof framing system and skylights.

Scope of Work:

- Complete gut, new finishes
- New 4 stop elevator – extremely complicated installation
- Seismic retrofit
- New HVAC
- New electrical,
- Asbestos and lead based paint abatement
- Library Main reading area required seismic anchorage of stacks
- 3 new Classrooms
- Accessibility upgrades, bathrooms, ramps, hardware, etc.

Specialty items:

- Historical display cabinet with digital display monitor.
- 2 new computer labs and connectivity to main campus
- Career center
